The Town of Sharon board of supervisors met at 10:00 am May 17, 2017 at the town garage to travel and review road and bridge conditions. DPW director Bill Henning joined the board for the tour. Road conditions and ditch conditions were discussed on various roads. Also the board took time to look at bridge conditions of the bridges on Temperance Trail and S & D Townline road. Board found many guard rail beams in very bad condition for the S & D Townline road. The board felt that Chilson road from Townhall road to Hwy 67 should be the next road to be rebuilt. The tour was adjourned at 1:05 pm.
